

Environmental Science

At a glance

- Accepted for credit transfer by Strayer University
- 4.5 quarter credits at Strayer University
- Strayer University equivalency: Environmental Science (SCI 200)

Course description

Sophia's Environmental Science course teaches you about human impacts on the natural world. You will apply knowledge of a wide range of environmental issues in context, exploring topics such as natural resources, endangered species, pollution, and climate change.

Assessments & grading

This is a pass/fail course. You must complete 12 Challenge assessments (these are like quizzes) and 4 Milestone assessments (these are like tests) with an overall score of 70% or better.

Learning outcomes

At the end of the course, you'll be able to:

- Describe environmental science
- Use and interpret graphs and charts
- Apply the principles of earth science, ecology, and conservation
- Identify the impacts of development, agriculture, and waste
- Analyze environmental issues, policies, and solutions
